CELEBRATING 75 YEARS OF SOUTHBANK CENTRE

# THE ICONS OF SOUTHBANK

*David Bowie*

When the Royal Festival Hall opened in 1951 as part of the Festival of Britain, it symbolised optimism and renewal in post-war London - a hub of creativity and forward-thinking spirit that continues today.

David Bowie's relationship with the Southbank Centre reflects this very ethos. Beyond performance, he shaped culture, bridging mainstream music with the avant-garde, and redefining what British artistry could be.

These pillars stand as an artistic impression of that legacy: fearless, imaginative and ever-evolving - much like the Southbank Centre itself.
